Scale 1:5; looking at the front (along +Y)

RIGHT VIEW

Scale 1:5; looking at the right side (along -X)

WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

- Cut a 340 dia disc from 20 mm polycarbonate
- Sand the edge smooth and break it with a 1 mm chamfer
- No holes in the window; it is held by the clamp ring only
- Leave the protective film on until it is fitted
- Clean with water and mild soap only; solvents craze it
- Check: no scratches deeper than a fingernail catches
